Letter to Parents

Dear Parents and Guardians,

Welcome to another promising year of school! It is my personal goal to make this the most productive school year in your student’s life both socially and academically. Hopefully, we will all have a positive experience.

First, I would like to take a moment and introduce myself. My name is Brandon Tugmon; and I will be teaching your student’s high school United States History class this year. The 2006-2007 school year will be my first as a member of this school corporation and first as a teacher. I am a 2002 graduate of Rochester High School and a 2006 graduate of Manchester College where I earned my Bachelors Degree in Secondary Education/Social Studies. I have a passion for football and played four years of college football at Manchester College.

In my United States History class, we will study the history of our nation from the founding periods to the present day. During this time students will learn about significant people, places, and events that led to the founding of the United States and shaping of the country we live in today.

Activities in my class will vary depending on the specific content being covered during a particular period. These activities include class discussion, group work, and individual work, to name a few. All students will be encouraged to participate and by doing so we will build an inviting classroom environment where everyone feels welcome.

I am looking forward to meeting all of your students and working with them as well as you throughout the school year. Please feel free to contact me at anytime to discuss your student’s progress, address concerns, or just to talk about where your student stands. My phone number is 260-982-5473 and my e-mail address is batugmon@manchester.edu. Remember, much of your student’s success depends on you as well as me.

Sincerely,

Brandon Tugmon
