Poor Pluto! Questions

Directions: Please write down the answers to each of the following questions as you read *Poor Pluto!* by yourself. Try your best to form your answers into complete sentences.

1. What is a diorama? Use picture clues and page 28 of the book to help you.

2. Why do you think the students in the book were sad when they found out Pluto was no longer considered one of the planets in our solar system?

3. Besides getting on a rocket ship and heading into space like the students in the book did, what else could have been done to help Pluto?

4. What would the principal of your school think or say if your class wanted to go into outer space to help a planet?

5. Why couldn't Pluto do all of the things mentioned in the book that real students can do?
