“Industrialization and Urbanization” Test

Part 2

Essays

Read and pick one of the three essays to write on. Use examples, dates, people, and anything else you can remember to help write the essay.

1. I said in class that the politics of the Gilded Age was very useless and not very strong. Can you show me three examples that prove this, or if you disagree with me, then describe to me three examples that prove your point? Use details!
2. Discuss 3 legal and social whiteness battles during the Gilded Age with each ethnic group (African American, Asian, and European). Explain who America considered white and give examples for why it was so hard for any race or culture to assimilate into the American life.
3. I said in class that the classic book and video *The Wizard of Oz* by L. Frank Baum was written as an allegory about Populism. Write an essay choosing three characters in the book/video and explain who they are in the book/video, and also who each of them are to represent in real life. Explain their role in the Gilded Age of America and Populism.
