ASSIGNMENT 3 — MIPS programs

Write MIPS assembly programs that solve these problems. You can look at the list of MIPS instructions that will work on SPIM either in the Appendix A (posted on the course webpage) or you may go here: `http: //www.cs.bilkent.edu.tr/~will/courses/CS224/SPIM_Quick_Reference.html`

Problem 1. Write a program that takes as input a temperature in Fahrenheit and prints out the same temperature in Celsius.

Problem 2. Write a program that takes as input a string, and prints out its length as output.
