

Salutations Parents!

I in case you haven't heard already from your little one, my name is Miss Davenport. I will be student teaching in your child's classroom until Spring Break. I visited throughout the fall and have gotten to know your child. I have slowly been taking over the lessons throughout the day and will eventually be teaching throughout the entire day.

I introduced the letter K this week, and the word Do will be our next popcorn word. I will be starting a new unit on dental health and hygiene. I hope to make brushing their teeth important and fun at the same time. I appreciate any and all support that comes from the home, and I look forward to working more with you and your child.

Sincerely,
Miss Davenport
