Please add additional comments/ suggestions/ information that we should know about this candidate and/or this field experience and its requirements. Feel free to write on the back of this form, or to attach additional information.

Joanne made plans very quickly in the semester to fulfill the requirement of teaching a lesson in the classroom. She observed in the classroom before teaching the lesson which was very much appreciated. The lesson that she prepared kept the students' interest. It ran over, but the amount of time that you allow for subjects is normally known after you've been in the classroom for a while. Great job!

For purposes of documentation for our accreditation, please supply the following information.

How many students with identified special needs and/or gifts and talents are in this course 0

Check the ethnic groups present in your class Caucasian African American Latino Other, please list:

Are there students whose first language is NOT English in this class? YES or NO
